

China Dining & Reservation Survival Kit

Free Preview

Status: buyer-facing sample. Not a full product. No customer data required.

What This Preview Is

This preview shows the style and practical scope of the full digital guide.

The full guide includes restaurant communication scripts, Chinese and pinyin phrases, queue/payment preparation, fallback planning and a self-planning shortlist template.

This is an information product. It is not a travel agency, tour guide, reservation service, payment service, visa service, legal service, medical service or official platform partner.

Quick Start

Before you leave for dinner:

1. Pick one target restaurant and one fallback.
2. Save the restaurant name in Chinese and English if available.
3. Save the address in Chinese.
4. Prepare your reservation name, party size, date and time.
5. Prepare at least two payment options.
6. Keep the arrival sentence ready on your phone.

Reservation Script

English:

Hello, I would like to ask whether a table is available for [number] people on [date] at [time]. We are visiting from overseas. If available, could you please reserve it under the name [name]? Thank you.

Chinese:

您好, 想咨询一下 [日期] [时间] 是否可以预订 [人数] 位。我们是从海外来旅游的客人。如果可以, 麻烦帮我们预留, 姓名是 [姓名]。谢谢。

Pinyin:

Nin hao, xiang zi xun yi xia [ri qi] [shi jian] shi fou ke yi yu ding [ren shu] wei. Wo men shi cong hai wai lai lv you de ke ren. Ru guo ke yi, ma fan bang wo men yu liu, xing ming shi [xing ming]. Xie xie.

Arrival Script

English:

Hello, I have a reservation under [name] for [number] people at [time].

Chinese:

您好, 我有一个 [时间] [人数] 位的预订, 姓名是 [姓名]。

Pinyin:

Nin hao, wo you yi ge [shi jian] [ren shu] wei de yu ding, xing ming shi [xing ming].

If The Restaurant Uses A Queue

English:

Do we need to take a queue number? How long is the approximate wait?

Chinese:

请问需要取号排队吗? 大概需要等多久?

Payment Preparation

Prepare:

- One mobile payment path if available to you.
- One backup card.
- Some local cash where appropriate.
- A nearby easier venue if the first restaurant cannot accept your working payment method.

Do not rely on one app, one card or one QR flow.

What The Full Guide Adds

- More vocabulary.
- Fallback phrases.
- Restaurant selection method.
- Self-planning shortlist template.
- Non-medical dietary preference script.
- Boundary checklist for avoiding sensitive data and unsafe helper requests.

Safety Boundary

Do not send helpers:

- Passport, visa or ID details.
- Payment card or bank information.
- Platform passwords or account access.
- Exact hotel address.
- Children' s data.
- Medical records or health-critical allergy details.

If a dietary restriction is health-critical, confirm directly with the venue or a qualified professional. This product does not handle allergy-safe decisions.
